SUMMERTIME... AND YOUR LEARNING subscription

Because many of you won't be in your classroom over the summer, neither will LEARNING. Which is simply to say that LEARNING does not publish during the summer months. Your next copy of the magazine won't arrive until the last week of July, when the new August issue is due for delivery.

And by the way: If your address is going to change over the summer, do us a favor and notify us at least six weeks before that change. If we have your address change by May 15, we can be certain of putting our August issue in your hands on schedule. Please be sure to include your old mailing label with the change of address notification.

HAVE A WONDERFUL SUMMER.
